Adobe Photoshop 1 Objectives (8 hours recommended training time)

You will explore the Photoshop CS5 interface and use several tools for selecting parts of images. You will learn to use layers and to apply layer effects and filters to create special effects. Additionally, you will use painting tools and blending modes to create shading effects. Finally, you will save images in print and web formats.

1. EXPLORING THE PHOTOSHOP ENVIRONMENT

- a) Explore the Photoshop Interface
- b) Customize the Workspace
- c) Explore the Navigation Tools

2. WORKING WITH IMAGE AREAS

- a) Select Image Areas
